

**MARA'S
CHOICE**
BY LEO FLYNN

A THRILLING SEQUEL

Mara's Choice is a space opera short story about one woman and her struggle to find purpose after escaping jail, and fighting to stay one step ahead of her pursuers.

THE BLURB

After six years, Mara is back. She did it,
escaped from prison.

She's free. Why does she feel so...
empty? Reeling from recent days'
events, she blunders around her brain in
a fog, with only one objective in mind.

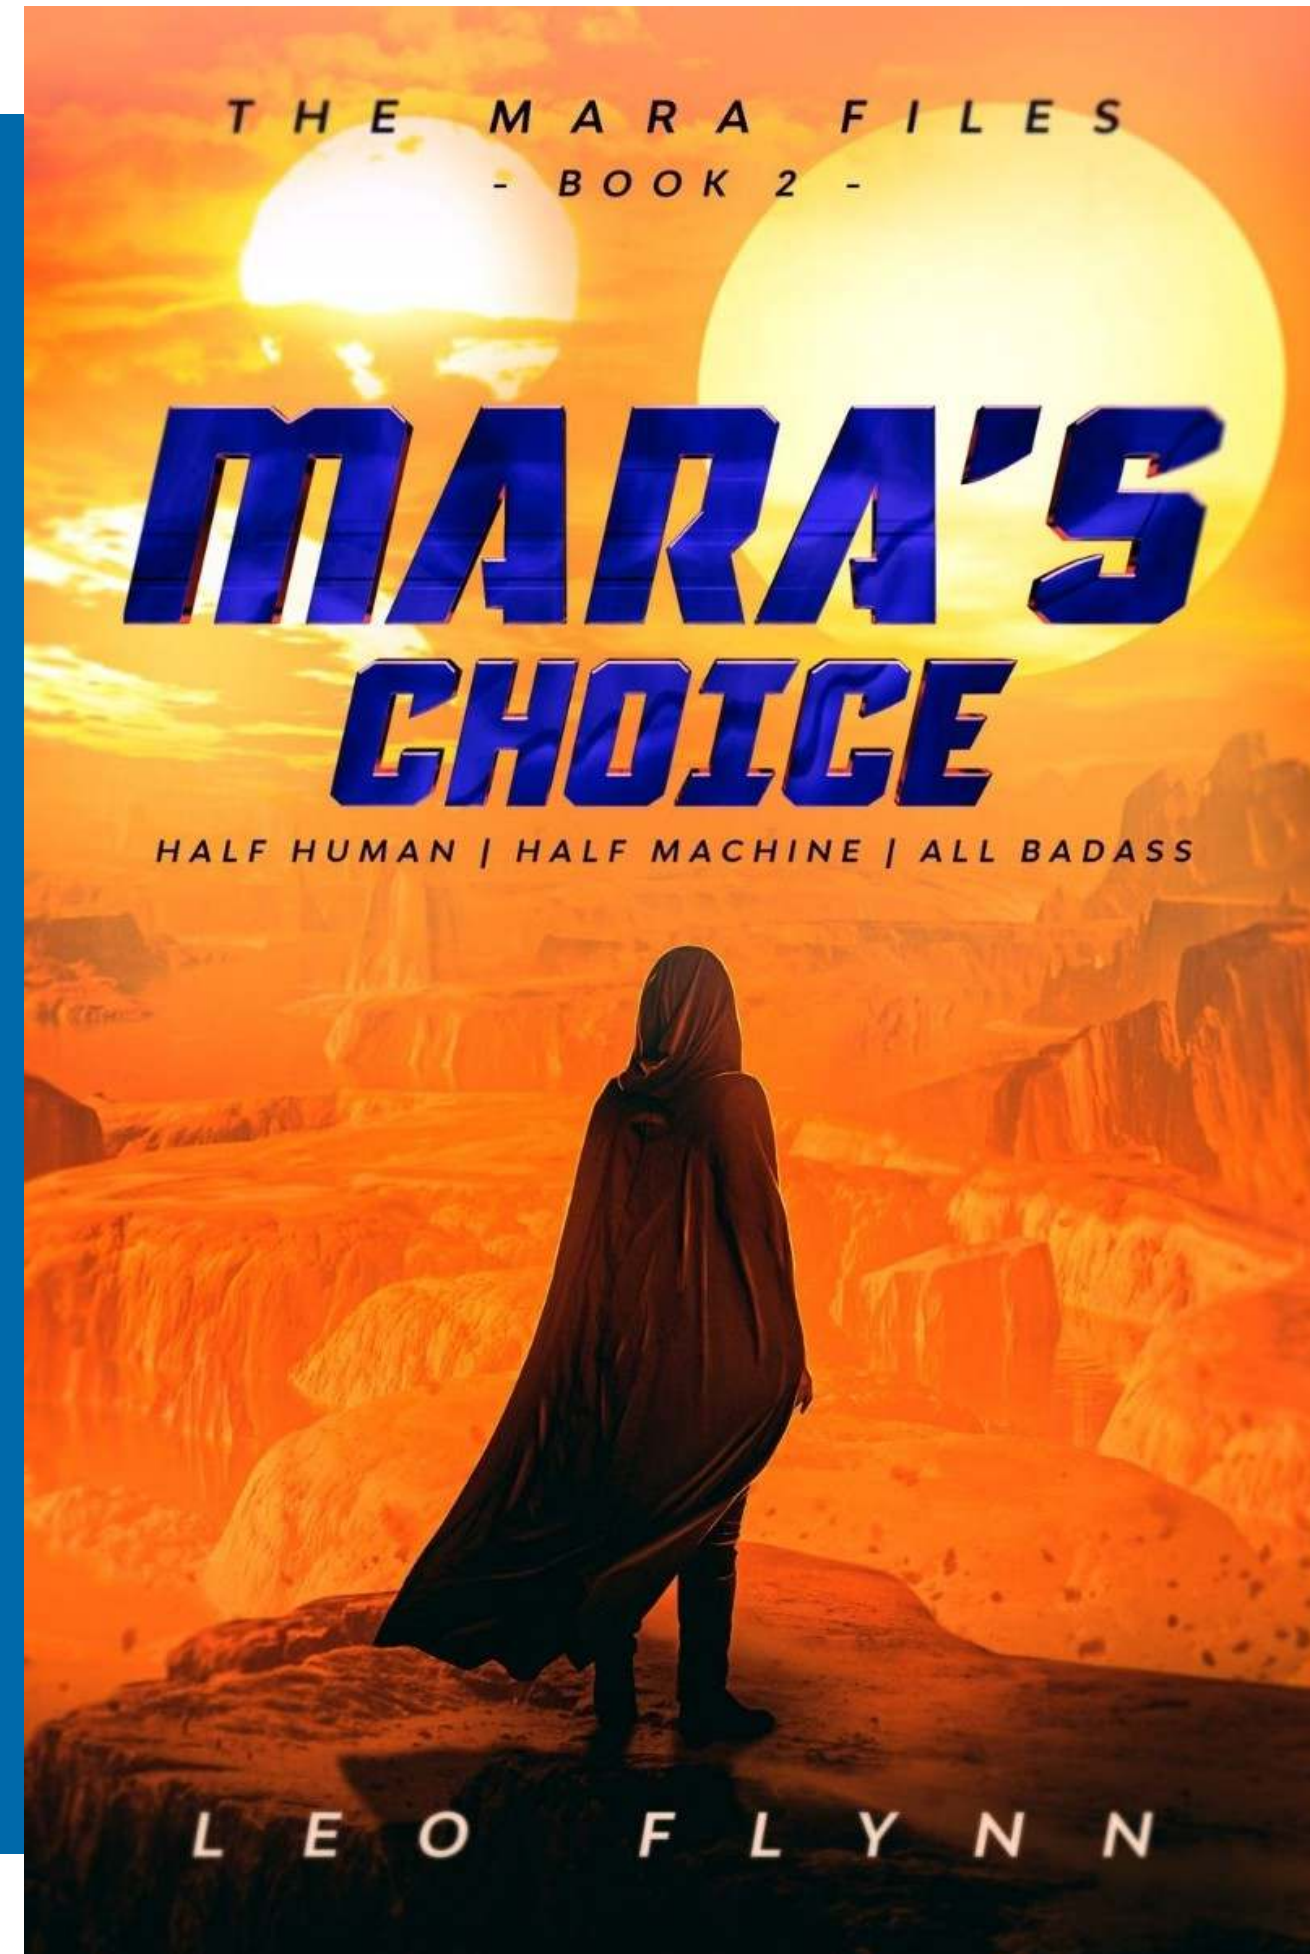

Survive. Don't get captured.

Stay out of trouble.

But with bounty hunters at every shady
haunt, Kottura hot on her heels, and

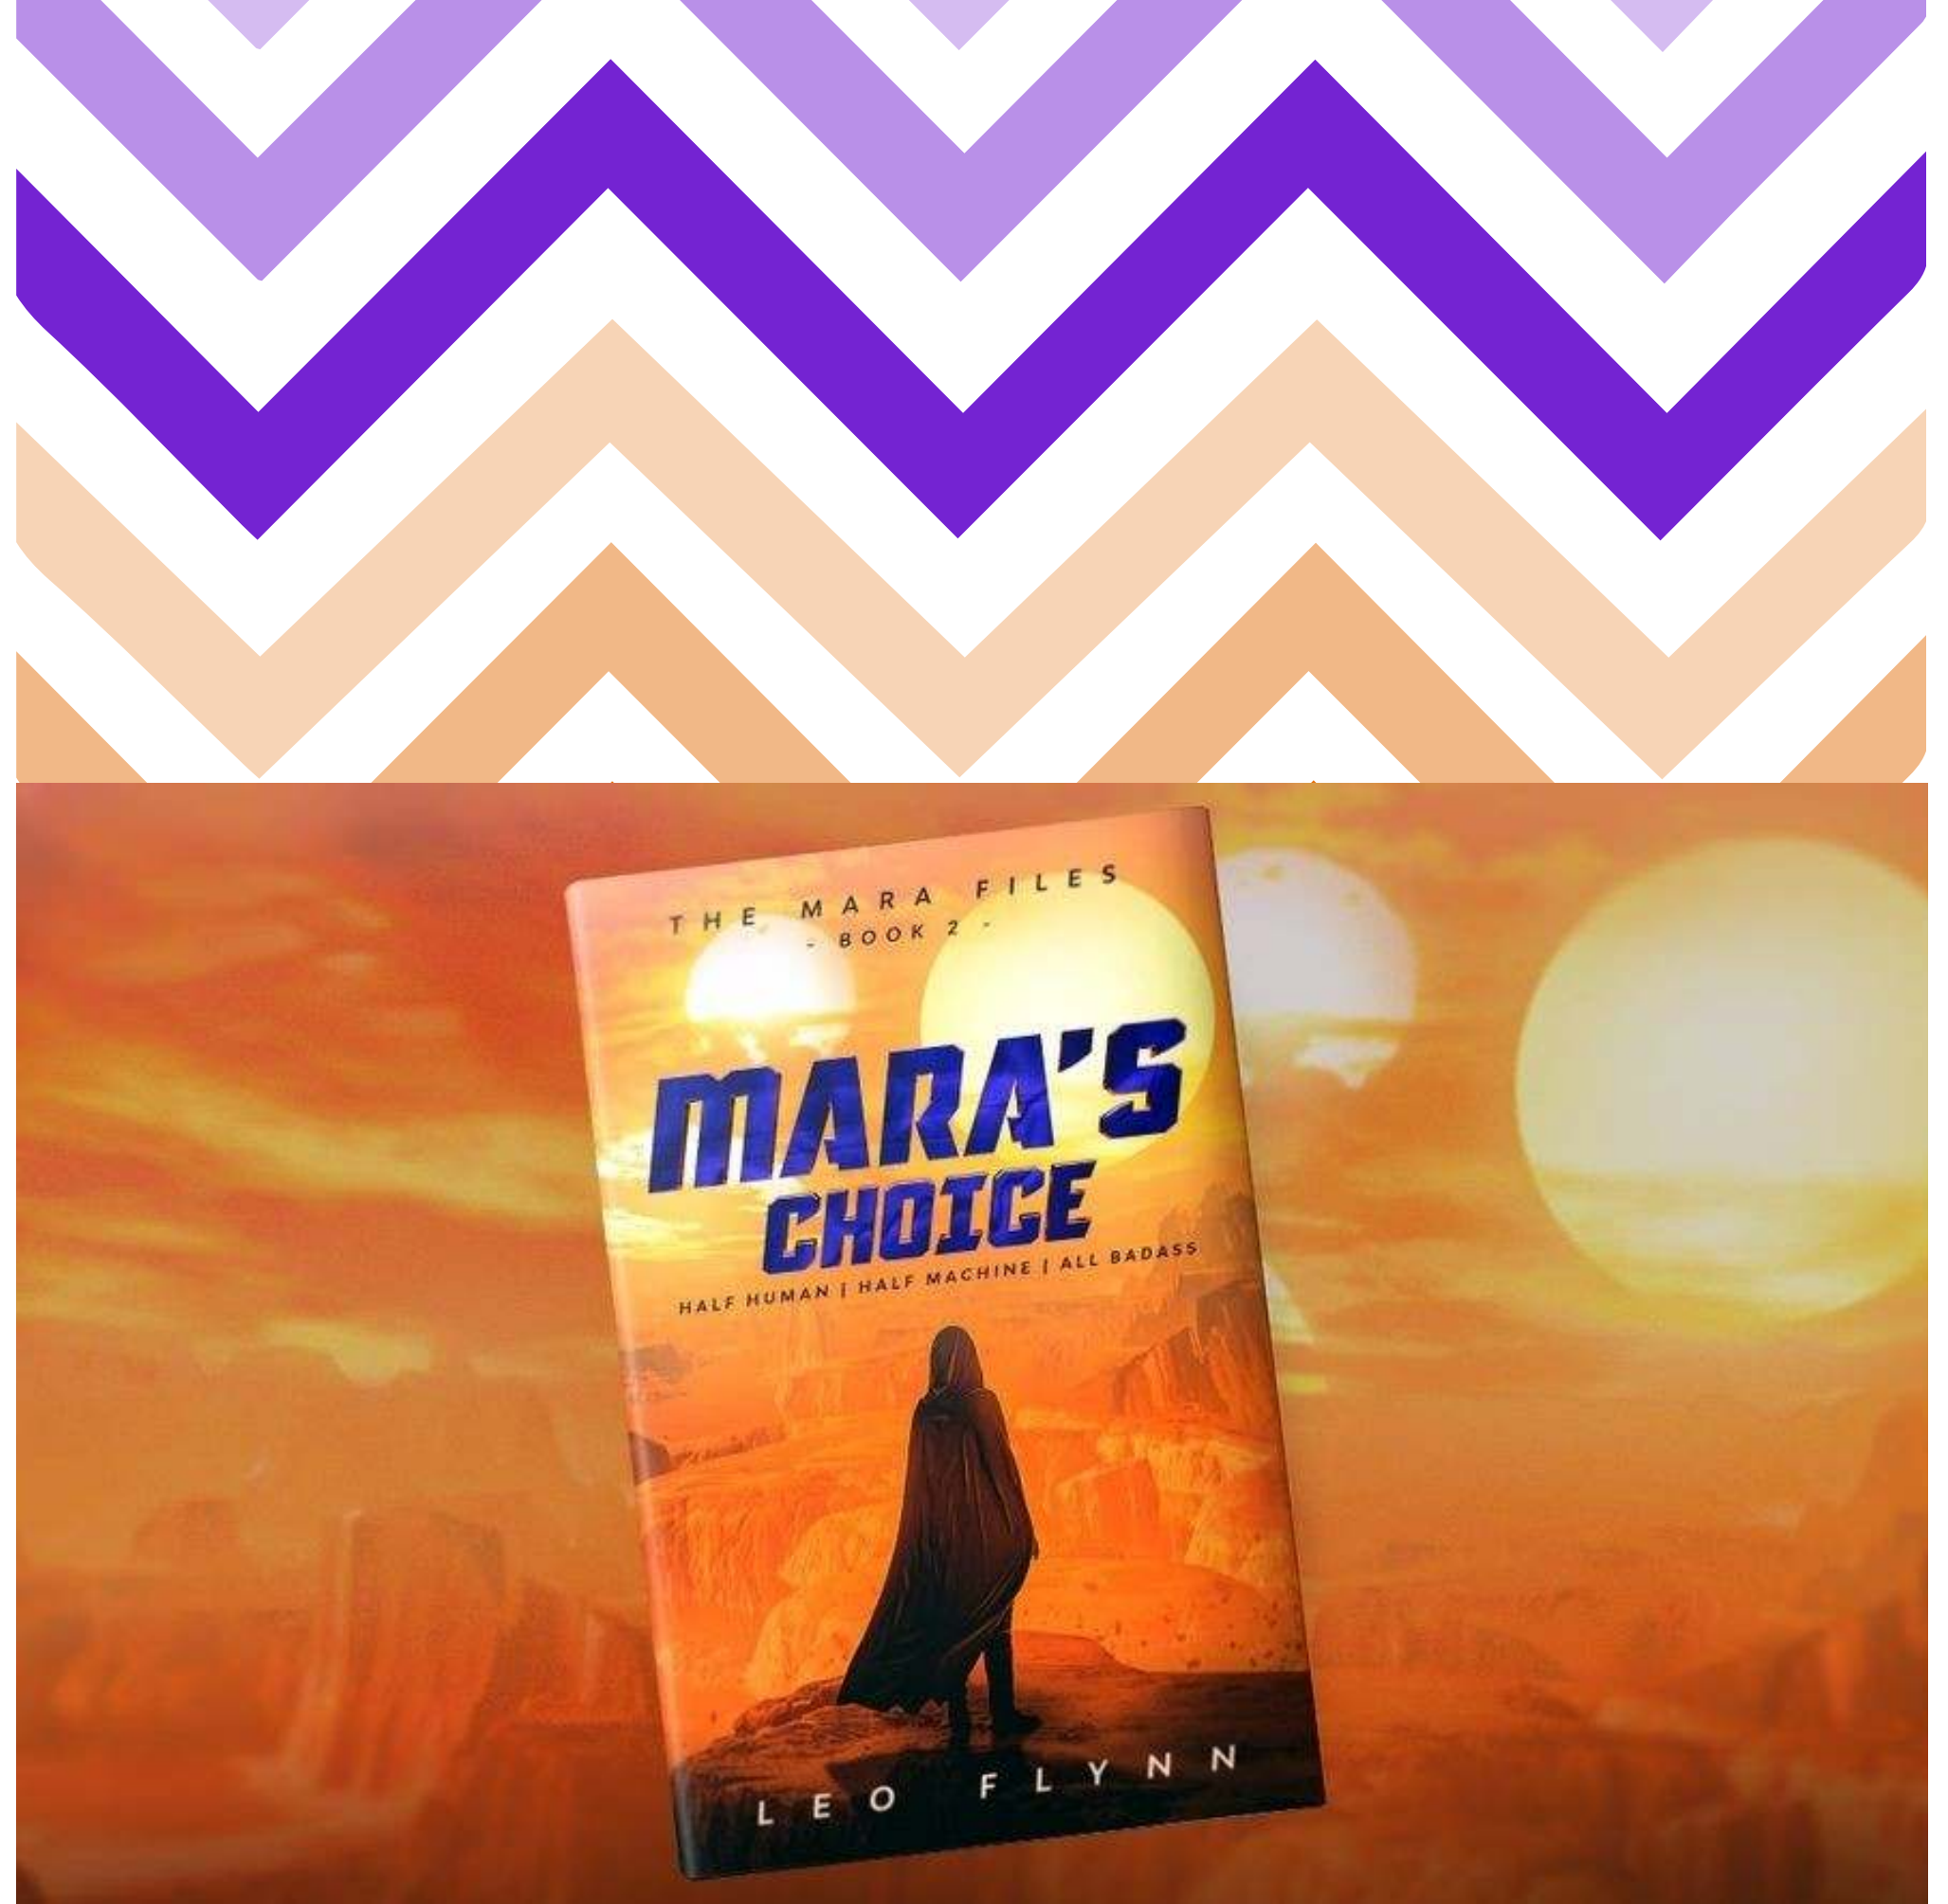

Ishali harping on about righteous
quests and helping the galaxy...

It's going to be a lot harder than she
anticipated.
